St Richard Gwyn School
Sustainable Communities for Learning

13th March 2026

MORGAN SINDALL

safe | on time | snag free | delighted client | recommended

St Richard Gwyn is undergoing redevelopment, a new comprehensive school which accommodate up to 1,100 students aged 11-16, the expansion will feature a four-storey teaching wing, state-of-the-art sports hall, and a special resource base, reflecting the school and the Vale of Glamorgan Council's commitment to inclusive education. The school will be Net Zero Carbon in operation once completed.

Progress... Week 12 of 170 Weeks

We are very pleased to issue our first newsletter of this exciting new school project. All project stakeholders have worked extremely hard to get the project to site, the Morgan Sindall team are now fully established on site with the new offices and compound in place. Considering the extremely wet and challenging conditions we have experienced within the period works has progressed very well.

Current Works & Up-coming works

We are preparing the ground and creating stable platforms for construction. Work is underway to shape the school site and set up temporary staff parking. We are also carrying the flood prevention scheme, removing some trees as part of the site preparation and forming temporary school staff and construction car parks.

Figure 1 & 2: Flood Alleviation works & Working platform construction

Figure 3: Temporary Entrance

Looking forward ….

Over the period, we will be continuing with the construction platforms, flood alleviation works, temporary school logistic works, leading on to the deep piling and foundation late February/March.

We apologise for any inconvenience caused by the construction works, I can assure you we are doing our utmost to mitigate any issues with the school and surrounding area. We are excited to be delivering the project on behalf of the Vale of Glamorgan and working towards completion of what will be a first class facility for both the school staff , pupils and the local community. – Alex Smith, Senior Project Manager

Mae Ysgol Sant Richard Gwyn yn cael ei hailddatblygu, ysgol gynhwysfawr newydd sy'n darparu lle i hyd at 1,100 o fyfyrwyr rhwng 11 a 16 oed. Bydd yr estyniad yn cynnwys adain addysgu pedwar llawr, neuadd chwaraeon o'r radd flaenaf, a chanolfan adnoddau arbennig, gan adlewyrchu ymrwymiad yr ysgol a Chyngor Bro Morganwg i addysg gynhwysol. Bydd yr ysgol yn weithredol yn Sero Carbon Net ar ôl ei chwblhau.

Cynnydd... Wythnos 12 o 170 Wythnos

Rydym yn falch iawn o gyhoeddi ein cylchlythyr cyntaf ar gyfer y prosiect ysgol newydd cyffrous hwn. Mae holl randdeiliaid y prosiect wedi gweithio'n galed iawn i gael y prosiect i'r safle, ac mae tîm Morgan Sindall bellach wedi'u sefydlu'n llawn ar y safle gyda'r swyddfeydd a'r cyffiniau newydd yn eu lle. O ystyried yr amodau gwlyb a heriol iawn yr ydym wedi'u profi yn ystod y cyfnod, mae'r gwaith wedi mynd rhagddo'n dda iawn.

Gwaith Cyfredol a Gwaith i Ddod

Rydym yn paratoi'r tir ac yn creu llwyfannau sefydlog ar gyfer adeiladu. Mae gwaith ar y gweill i lunio safle'r ysgol a sefydlu parcio dros dro i staff. Rydym hefyd yn cynnal y cynllun atal llifogydd, gan gael gwared ar rai coed fel rhan o baratoi'r safle a ffurfio meysydd parcio dros dro i staff yr ysgol ac adeiladu.

Ffigur 1 a 2: Gwaith Lliniaru Llifogydd ac Adeiladu Platfform Gwaith

FFigur 3: Mynedfa Dros Dro

Looking forward ….

Dros y cyfnod, byddwn yn parhau â'r llwyfannau adeiladu, y gwaith lliniaru llifogydd, y gwaith logisteg ysgol dros dro, gan arwain at y peilio dwfn a'r sylfaen ddiwedd mis Chwefror/Mawrth.

Rydym yn ymddiheuro am unrhyw anghyfleustra a achosir gan y gwaith adeiladu, gallaf eich sicrhau ein bod yn gwneud ein gorau glas i liniaru unrhyw broblemau gyda'r ysgol a'r ardal gyfagos. Rydym yn gyffrous i fod yn cyflawni'r prosiect ar ran Bro Morganwg ac yn gweithio tuag at gwblhau'r hyn a fydd yn gyfleuster o'r radd flaenaf i staff yr ysgol, y disgyblion a'r gymuned leol. – Alex Smith, Uwch Reolwr Prosiect
